## RIVER FALLS WATER PARK AT ORLANDO WORLD CENTER MARRIOTT

River Falls Water Park is the latest addition to Orlando World Center Marriott

River Falls offers three thrilling inner tube water slides that connect riders to a 575-foot lazy river. As guests keep on floating, they can easily enter and exit through the zero-entry pool, where little swimmers can enjoy an aqua playground complete with eight bubbling nozzles and two sprayers. Surrounding the winding river and pool is a patio with lounge chairs, cabanas and The Cargo Bar. River Falls joins the renovated Falls Pool Oasis at Orlando World Center Marriott.

### WATER DETAILS

River Falls features three thrilling water slides and a relaxing lazy river. Guests must be 48" tall with a combined weight of up to 400 lbs. to ride the water slides.

**BOOMERANGO** - 425 foot long fast-paced slide that propels guests before boomeranging them into the air as gravity swings riders left and right toward the plunge pool.

**AQUASPHERE** - 498 foot long slide that starts with a slight dip that thrusts riders down the slide through twists, turns and closed spheres before dropping them down the twirling ride.

**TAILSPIN** - 525 foot long slide with open tubes that provide glimpses of daylight before funneling riders into a tail spin and dropping guests into the plunge pool.

**LAZY RIVER** - 575 foot long and 10 foot wide winding lazy river is perfect for guests of all ages. The zero-entry pool makes it easy to grab a free tube at the entrance and float around all day long.

### ON LAND

- Poolside lounge chairs and cabanas
- Poolside refreshments from The Cargo Bar
- Lush tropical landscaping
- Golf course views
- Terrace for fish feeding
